Margarita's mission within the Commission:

I love sports very much and treat it with great respect and responsibility. In our regional team, I am a methodologist, any work related to documents, purchasing tickets, collecting documents from athletes goes through me, the coaches rely on me, since I always complete everything on time. In the Kazakhstan national team I do similar work, I always help our athletes in collecting certain documents, filling them out, especially if these documents are in English, I advise, recently I have created personal accounts for athletes on the FIAS website, I

also help coaches register on seminars, besides, I maintain good communication with the managers of our federation and all the coaches. I am always ready to help any athlete, regardless of his nationality. I have a goal that I strive for every day, fully working out in training, as they say, "I go to sleep with a dream and wake up with a purpose," I really enjoy the process of training. I would like to connect my future after my sports career with science. I wrote a master's thesis related to the psychological preparation of female wrestlers; I would be very interested in studying the psychology of Russian female athletes, since they are leaders on the world stage. in the near future I plan to obtain a doctorate in the field of physical education and sports and contribute to the development of sports.
